REFRIGERATED MILK DRAWER

REFRIGERATED MILK DRAWER

Ergonomically designed as an innovative solution for café environments, the Barista Refrigerated Milk Drawer is the best in class solution for high capacity milk storage. The pull out drawer and front flap prevent bending down to access product, which saves time and is easy to use. All bottles are stored upright with a gravity fed tray so bottles are always at the front. Drawer parts are operator removable which allows for easy cleaning. It's heavy duty, low maintenance and guaranteed to hold product at critical temperatures.

LEFT : BARISTA REFRIGERATED MILK DRAWER, FLAP OPEN, DRAWER CLOSED
 UPPER RIGHT : BARISTA REFRIGERATED MILK DRAWER, FLAP CLOSED, DRAWER CLOSED
 LOWER RIGHT : BARISTA REFRIGERATED MILK DRAWER, FLAP CLOSED, DRAWER OPEN

INCREASE YOUR PROFITS

SUITABLE FOR MILK
Safe temperature to hold milk.

HIGH STORAGE CAPACITY
High storage capacity of 24x two litre bottles. Can also be configured for an assortment of product packaging.

REMOVABLE FILTER
Removable condenser filter means you save on maintenance and reduce energy use.

EASY CLEAN
Reduce maintenance costs and spend less time cleaning, with easy to remove components.

EC FANS
Minimise energy usage with high energy efficient fans.

UP TO 60% LESS ENERGY USED

HIGH ENERGY EFFICIENCY
We create high energy efficient appliances so you save money.

ADJUSTABLE GUIDES
The inclined, gravity feed base has adjustable bottle matting guides, which means product is always at the front.

CREATED & ENGINEERED IN NZ, FOR THE WORLD
Made with pride. We love what we do and helping you to sell more!

ACCESS FLAP
Ergonomically designed access flap at the front enables easy removal of product, without the drawer needing to be opened and preventing bending down.

QUALITY COMPONENTS
We select and use only the world's best and most energy efficient components.
